National Cancer Survivors Day®

On June 4, 2017, National Cancer Survivors Day®, Hematology Oncology Associates of CNY will honor those in our community who are living with and beyond cancer. This special day provides a celebration for everyone, whether you're a cancer survivor, a family member, friend, or medical professional.

This unique celebration will mark the 30th annual National Cancer Survivors Day. Tens of thousands of people in hundreds of communities across the globe will hold celebrations on this day to celebrate life after cancer, pay tribute to local cancer survivors and bring attention to the ongoing challenges still experienced by many.

It's a day for everyone and offers an opportunity for all people living with a history of cancer—including America's 15.5 million cancer survivors—to connect with each other, celebrate milestones and recognize those who have supported them along the way. It's also a day to draw attention to the ongoing challenges of cancer survivorship in order to promote more resources, research and survivor-friendly legislation to improve cancer survivors' quality of life.

The event is free for survivors, their families and guests. Reservations are strongly encouraged by emailing RSVP@hoacny.com or calling 315-472-7504 x 1312. Emails should include RSVP in the subject line and should include the number attending, which location and the T-Shirt size of the cancer survivor.

Hematology-Oncology Associates will host two events, one at Longbranch Park in Liverpool and the other at the Throop Fire House in the Town of Throop (Auburn). Hope to see you there!

A Very Special Thank You to all our Supporters

National Cancer Survivors Day®

National Cancer Survivors Day® is an annual, treasured **Celebration of Life** that is held in hundreds of communities nationwide, and around the world, on the first Sunday in June. It is a

CELEBRATION for those who have survived,
an **INSPIRATION** for those recently diagnosed,
a gathering of **SUPPORT** for families,
and an **OUTREACH** to the community.

The Mission of Hematology-Oncology Associates of CNY is to provide the highest level of quality care in a healing environment for the mind, body and spirit of patients dealing with cancer and blood disorders.
